Purpose of the course unit (module): programme competences to be developed		
The aim of the course is to assist students to participate in the Willem C. Vis International Commercial Arbitration Moot (Vis Moot) competition by enhancing knowledge of arbitration as a method of solving disputes and application of the United Nations Convention on Contracts for the International Sale of Goods 1980 (CISG). In addition, the students develop advocacy skills (drafting procedural documents, understanding practical aspects of the dispute resolution) as well as team work skills.		
Learning outcomes of the course unit (module)	Teaching and learning methods	Assessment methods
Students: Will develop an understanding of how contemporary issues in international commercial sales law and international commercial arbitration arise and are resolved in practice.	Seminars (individually and together with the team members – case study, analysis of relevant issues, group discussions on relevant issues, drafting of legal documents), group consultations, individual work (individually and together with the team members –analysis of the relevant legal framework, policy and case-law, reading of academic literature, preparation of memoranda).	Preparation of the memorandum for Claimant and for Respondent
Will identify legal problems related to international commercial arbitration and international commercial sales law in a fact-based case file.	Seminars (individually and together with the team members – case study, analysis of relevant issues, group discussions on relevant issues, drafting of legal documents), group consultations, individual work (individually and together with the team members –analysis of the relevant legal framework, policy and case-law, reading of academic literature, preparation of memoranda).	Preparation of the memorandum for Claimant and for Respondent
Will be able to find and systemically interpret legal sources of international commercial sales law, as well as to apply relevant rules and regulations, inter alia, CISG, in support of their legal arguments.	Seminars (individually and together with the team members – case study, analysis of relevant issues, group discussions on relevant issues, drafting of legal documents), group consultations, individual work (individually and together with the team members –analysis of the relevant legal framework, policy and case-law, reading of academic literature, preparation of memoranda).	Preparation of the memorandum for Claimant and for Respondent

Will be able to prepare legal arguments in a structured procedural document (memoranda for claimant and respondent) competently in a skilled manner.	Seminars (individually and together with the team members – case study, analysis of relevant issues, group discussions on relevant issues, drafting of legal documents), group consultations, individual work (individually and together with the team members –analysis of the relevant legal framework, policy and case-law, reading of academic literature, preparation of memoranda).
